

METHODS OF PRESSURIZING KEGS

PROJECT _____

ITEM # _____

BEER PUMP SYSTEMS:

ALLOWS OPERATOR TO PRESSURIZE ALL KEGS WITH PURE CO2 TO PROPERLY MAINTAIN NATURAL CARBONATION

DUAL BEER PUMP PANEL

PROS:

- MAXIMIZES LIFE OF KEG
- DELIVERS EXCELLENT BEER AT TAP
- PURE CO2 IS BEST FOR DRAUGHT BEER
- ELIMINATES HUMAN ERROR IN MANAGEMENT
- ALLOWS OPERATOR TO PRESSURIZE WITH PURE CO2 & NOT RISK OVERCARBONATION
- ELIMINATES NEED TO MANAGE NITROGEN OR LEASE NITROGEN GENERATOR
- EASY TO OPERATE... LOW MAINTENANCE... LOW POUR COST
- CAN BE USED TO DISPENSE STOUTS AS WELL AS ALL OTHER BEERS
GUINNESS & CERTAIN STOUTS REQUIRE ALLEGALE 13 TO PRESSURIZE KEG
- LOCKING MECHANISMS KEEP PRESSURES AT FACTORY SETTINGS
- FOBs COME STANDARD WITH BEER PUMP PANELS

CONS:

- SLIGHTLY MORE EXPENSIVE AT INITIAL PURCHASE
- REQUIRES MORE HARDWARE IN COOLER

PANEL SPECS:

- SINGLE BEER PUMP PANEL MEASURES 14" L x 17-1/2" H
- DUAL BEER PUMP PANEL MEASURES 22-1/2" L x 17-1/2" H
- PANELS ARE PREASSEMBLED WITH 7'6" GAS / BEER DROPS & ALL FITTINGS

PRESSURE SYSTEMS:

MECHANICALLY BLENDED SYSTEMS

USES BLENDED N & CO2 TO ENSURE PROPER CARBONATION WHILE MAXIMIZING LIFE OF KEGS

SINGLE REGULATOR PANEL

PROS:

- LESS HARDWARE IN COOLER
- REQUIRES LESS SPACE ON COOLER WALLS
- DELIVERS EXCELLENT BEER AT TAP

CONS:

- REQUIRES MANAGEMENT OF NITROGEN SUPPLIES
- OPERATOR RISKS SYSTEM SHUT DOWN IF NITROGEN TANK EMPTIES ~ SAFETY FEATURE ON BLENDER
- HIGHER POUR COST DUE TO COST OF NITROGEN FOR LIFE OF SYSTEM

PRE-MIXED BEER GAS SYSTEMS ~ ALLEGALE 13

TANK OF PREMIXED GAS COMPOSED OF 75% N & 25% CO2
(1) SECONDARY REGULATOR PER KEG REQUIRED

PROS:

- REQUIRES LITTLE HARDWARE FOR TAPPING KEGS
- LESS EXPENSIVE AT INITIAL PURCHASE
- USED FOR LOW VOLUME ACCOUNTS

CONS:

- GAS IS EXPENSIVE TO PURCHASE CREATING HIGHER POUR COST
- CARBONATION LEVEL IS TOO LOW & BEER TENDS TO BE FLAT
- CONSUMED QUICKLY - COMMON TO RUN OUT OF GAS & BEER SYSTEM SHUTS DOWN

SINGLE REGULATOR PANEL w/ FOB

PANEL SPECS:

- SINGLE REGULATOR PANEL MEASURES 4" L x 6" H
- SINGLE REGULATOR PANEL w/ FOB MEASURES 6-1/2" x 13" H
- PANELS ARE PREASSEMBLED WITH 7'6" GAS / BEER DROPS & ALL FITTINGS
